

List of Non-Compliant Companies as of Aug 12, 2008

Each trading day, NASDAQ publishes a list of companies that are non-compliant with its continued listing standards. In the event of a bankruptcy, or a delinquent or otherwise incomplete filing, a company is added to the list two business days after notification by NASDAQ. In all other instances of non-compliance, a company is added to the list five business days after notification. Companies are removed from the list one business day after NASDAQ determines that it has regained compliance, or the company no longer trades on NASDAQ.

Investors seeking further information may view the Company's filings on the SEC's and/or the company's website. NASDAQ's continued listing standards can be viewed at:
